## Caravans 2 - The Trailer! Review

Where else would you rather spend an evening than a sunny spot complete with cocktails, refreshments and laughter for the soul! Caravans2 The Trailer! opened at the Mackenzie Community Centre last night. An attempt at a sequel always comes with an element of risk but this was dismissed immediately with an outstanding new 360 degree set including stage, beach diner, surf bar and complete with combi singers, skaters and an energetic opening chorus number of Summer Holiday!

The story returns to the Kaiteriteri Haven Holiday Park where Laurie (Andrew Anderson) suspects that a new camper Barry may be the father of his son. In a comedy of errors, baby swaps and balls ups Anderson leads the show with superb comedic acting and equally colourful language. The lifeguards are back for another season with the shenanigans from Flakey (Doug Marett) and his new high-waisted apprentice Minnow (Grant Gibson) causing great hilarity. This, interspersed with the antics of eccentric senile mother Ivy (Marie Robinson) ensured everyone was chortling in their seats.

The show is made up of 3 acts, the first ending on a high with a rocking line dancing rendition of fat bottomed girls. Whilst you munch away on a perfect camping style meal you are treated to the superb vocal talents of George Waymouth and Amy Hay who also made sure the singing was high quality throughout the performance.

The show is yet another credit to the Mackenzie Theatre Group and Chris Clarke, it's talented visionary Director. The hard work of all cast and crew is evident and appreciated even more in these current times when it's essential to have a good laugh. It would be worthy of an audience anywhere around the country but how lucky we are to have it right here!

### The impact one small theatre group can have on a community!

Once again the Mackenzie Theatre Group delivered a pill to make us forget our ills, forget the 'C' word and lift our spirits to heights we may not have experienced in a while. Near on 1000 people saw the show, over 70 contributed to its success either on stage or out the back, some travelling from Lake Tekapo to take part. Huge numbers in a community such as ours.

The flow on effect was significant during the week of performances. The town was a 'buzz'. Cafes and accommodation places benefitted from people visiting or simply wanting to be out and about. There was just so much to talk about, all hinging on the show.

So Mackenzie Theatre Group, how will you ever beat that? I daresay you will, going on your history! I toast you all and thank you for the joy and good humour you delivered!

YOU ARE INVITED TO

# A MEN'S HEALTH AND SOCIAL EVENING

Times are tough and there are people who need support now who have never needed it before. In rural areas, if you are struggling, it's easy to think you're the only one.

This free event is an opportunity for men to socialise, hear from a wellbeing coach, and about wellbeing in the workplace, Men's Sheds and Community Gardens. And we want to hear from men about what they would find helpful to introduce into their local communities to support men's physical and mental health.

**TWIZEL**

**Monday June 27<sup>th</sup>  
The Musterers' Hut

**Guest Speaker IGOR GERRITSEN**

**From Surviving to Thriving. Simple tips to get through this season with a wellbeing mindset.**

Igor is a highly outgoing and supportive individual, who loves to communicate in engaging ways. Married to Hanna, they have 3 children (22, 21, 13), and live in Papamoa, Bay of Plenty where Igor runs his own workplace coaching and wellbeing business. He relates to a wide range of people, a skill developed on his life journey as a Policeman, Financial Planner and Rural Support Coordinator.

**Please come along and join us.**

7.00pm start - please come along from 6pm on and chat. We will provide a light supper. The bar will be open but you will have to buy your own drinks.

### Mackenzie Half Marathon 2022

Have you saved the date? Saturday 23rd July 2022. The MACKENZIE HALF MARATHON is ramping up once again. With the mandates delaying our decision on whether this event would be viable this year, we are very excited that not only is it possible but looking to be the best year yet!

For those of you entering into the 21.1km Half Marathon run, you will have the chance to win a cash prize. The first male and female will receive \$200 each plus an entry into the 2023 event. Second male and female will win \$100 each and 3rd place will win \$50 each. So you better get out training now. Last year, first place went to Gavin Dale with a time of 1:20:30. And first female was awarded to Katie Morgan with a time of 1:33:34. Do you think you can beat these times and win a cash prize?

Once again we have the run and walk categories for the 21.1km and 10km events. The walking event is based on an honour system so if you choose to enter the walk, please realise that you are not permitted at all.

We also continue to have the 5.5km event although that course has changed and is run in reverse this year. Check out the course on: [www.mackhalfmarathon.co.nz](http://www.mackhalfmarathon.co.nz)

Of course there is also the 2.5km Fun Run for the kids and supporters to have a chance to participate in the day as well. Everyone who finishes a race will receive a medal.

Another change this year ... the event is capped. Right now there is still space but make sure you register soon. Once we reach the capped number, you will miss out.

So how do you register? [www.mackhalfmarathon.co.nz](http://www.mackhalfmarathon.co.nz)

#### Te whakanui i a Matariki

Earlier in the year we harvested the garlic planted as part of our Matariki celebration in 2021, and began talking together about planting our next garlic bulbs. One way of using the garlic is by making garlic butter and spreading on bread. The tamariki showed their usual enthusiasm and skill, tackling the task with ease, talking about smell, taste and texture and later enjoying eating a slice, some more than one! It was delicious, with 100% uptake.

Matariki falls at the end of harvest, one of the many ways to recognise the season is to prepare the ground for the coming year. Through the lens of the living world science curriculum, it was decided to experiment by planting half of the garlic earlier this year, and the other at the more traditional time, in June. Two rows were planted one of Elephant garlic and one of Printanor. Our gardening kaitiaki/caregivers love getting their hands in the soil and were eager to help.

Already some shoots have poked their little heads up, we'll let you know the outcome.

## Fairlie Primary School

Congratulations to the Fairlie Primary School chess team, from left, Joel, Jasper, Lauren and Mel. The team won the junior teams division at the Regional Competition at Waihi School recently. An extra congratulations to Lauren who won the junior individual competition.

Fairlie Primary School was treated to an entertaining performance of The Emperor's New Clothes by actors from the NZ Playhouse. The visit coincided nicely as this term is an arts focus for the school. The students were able to see some great comical acting to get them into character for their own production of "The Magical Museum" which Fairlie Primary School will be performing on Wednesday 29 June.

We are a purpose built preschool offering the highest standard of early childhood education for children aged 0-6 years. Open 8 am-5 pm Monday-Friday (including school holidays) We offer 20 hours ECE and WINZ subsidies are available.

## Albury School

We are so excited to be able to get out and about again to join students from other schools for events and to finally be able to welcome whanau and visitors into Albury School again.

Our Rippa Rugby Team travelled to Timaru to compete in the Year 5 & 6 Rippa Rugby Tournament and had a fantastic day at Ashbury Park. We are very proud of our Albury Kids for representing Albury School and our school values by being respectful and resilient team players.

On Friday the 20<sup>th</sup> of May we took part in the annual anti bullying campaign and fundraising event by the Mental Health Foundation "Pink Shirt Day" and turned Albury School into a sea of pink to remind everyone to "Speak up – Stand together – Stop Bullying"!

On the same day we welcomed Storyline authors and illustrator Dahlia Malaeulu and Donovan Bixley to Albury School.

Our students were mesmerised by their stories and loved seeing their inspiring work.

Dahlia Malaeulu has written a series of wonderful books for preschoolers and primary school aged children with the goal to introduce them to the Samoan language and culture. Donovan Bixley has created or co-created over 100 books, published in numerous countries and languages.

The students were intrigued to learn that his writing and illustrating journey started at the young age of 8, when he wrote a story in a little notebook to go with his drawings based on one of his favourite books, The Lord of the Rings.

Mrs Donnelly surprised our Tui kids with their very own little notebooks to get signed by Donovan Bixley and for them to get creative with their drawings and writing.

## St Joseph's School - Ice Skating

On Thursday we went ice skating in Tekapo. At school we put our bags on the library steps.

Everyone had left apart from Mrs Story and Mrs Eason and Mum finally came to pick

up Max, Emily, Ollie and me before going to the supermarket to get some milkshake lollies and noodles for our lunch. We had some morning tea at the lake and then headed to The Church of the Good Shepherd. Stewart showed us the church and told us some unique stuff about the church.

We headed back to the rink. I got my skates on and my gloves on and out I went. I didn't fall over once! We played tag and then I had my noodles. We had a school photo on the ice. After about 5 more minutes we had to go. I gave my skates back and then lined up next to Mum. We left for home, dropped Ollie off, then went to rugby. I can't wait to go skating again in a few weeks. ## Kids Club Term 2

Our second term of Kids Club is off to a bang! We've added several new families and are excited to watch friendships form.

This term we are trying to add as much indoor fun as possible on cold or rainy days. So far we've enjoyed making milkshakes in our own cups, baking muffins and eating lots of popcorn thanks to the generous donors of our new popcorn makers.

Our club meets after school Monday-Friday from 3.15-5.00 pm at various halls and parks around Fairlie. If you are interested in enrolling your child(ren) please pop into Heartlands to grab a registration form.

The Mackenzie College Prom is being held in the Mackenzie Community Centre on 3rd June 2022. The theme for this year's prom is "Summer Holiday!". We would love to invite the community to come along and watch the students walk-in from the Community Centre's back entrance on Gall Street from 6.30-7 pm.

Call or email for all your travel arrangements, domestic or anywhere! Together we can make sure all new travel requirements are covered.

### Home School Authors' Visit

On Thursday the 19<sup>th</sup> of May, about 25 home-schooled tamariki and their whānau, from the Mackenzie District, came to the library to meet two New Zealand authors/illustrators, as part of the Storylines National Story Tour. They were visited by Donovan Bixley, the author/illustrator of books including "The Great Kiwi ABC Book", "The Wheels on the Bus", "Old MacDonald's Farm" and the "Flying Furballs" series. He talked to the children about developing characters, drawing, and shared some of his creative ideas from his childhood. Dahlia Malaulu has written books, with a Samoan language and cultural theme, for a wide range of age groups. She shared some new words and Samoan artifacts with the younger children. This was a real privilege to have such interesting and inspiring people to share their passion and knowledge – a huge 'Thank you' to the Storylines Trust and the home-school community for making this such a special occasion.

### Exciting Skinny Jump News!!

We want everyone in Canterbury to be warm and cosy this winter. Burning smoke-free means a warmer, cheaper fire for you and your whānau, and better air quality for all of us. As the weather turns colder, it's the perfect time to remember the three elements you need for a warmer, cheaper, smoke-free fire:

### Good Wood

Burning dry wood produces a warmer fire with less smoke. Because burning dry wood is more efficient, you'll need less of it to create a warmer, cosy home. Using less wood also means a cheaper winter. If you have somewhere dry to store firewood, plan to buy your wood supply in spring or summer. That way, the wood will have several months to dry out before winter. Not all dry woods are equal. Some burn hotter and produce less smoke. Plantation Pine, Douglas Fir, and Blue Gum are some of the hottest burning woods. Old-man Pine can be smoky, and so is probably best for kindling or mixed with other woods.

### Better Burning Techniques

Adopting good burning technique is another important step to creating a hot, smoke-free fire. Fires built using the 'upside-down' technique can last anywhere between 30 and 60 minutes before reloading is required. This method involves placing larger wood at the bottom and kindling on top. Visit Warmer Cheaper to learn the 'upside-down' burning method and see video tutorials of the method in action.

## Thursdays for us older folk!

**3 June** Venture out and watch our beautiful young people arrive at the Mackenzie College Prom. Gather outside the Gall Street entrance from 6.30 pm.

**9 June 10 am Making Meals for our community Freezer** – these are the meals we have in the freezer for people if they are sick or might appreciate a meal.

**1 pm Afternoon tea and movie at a private home** – enquire at Heartlands if you are interested!

**16 June Woodbury or bust!** Travelling with Anne for afternoon tea and the usual banter.

**23 June Shopping in Timaru – movie too!**

Hitting the Op Shops and catching up on what is happening in the city.

As well as these activities we are also pleased to promote the Arts on Tour Show **'Swingers Club and Brothel'** a comedy show at 7.30 pm on Friday 17 June. Tickets are half price at \$10 for those over 60 years. Just tell them you qualify for this if you do, when you buy your ticket at Heartlands.

The following night is a Breast Cancer Fundraiser at Eat! Check the advert for the info about this great night.

## Trialling a weekly 'visiting' trip from Fairlie to Timaru! 685 8496

Is there any interest in taking the (new!) Fairlie Community Car to Timaru, one afternoon each week, to allow for visiting folks in Timaru, in 'care' or in hospital, perhaps a little shopping and home again? The \$50 cost would be divided up between those travelling and all aspects of the trip would be pretty negotiable with the driver. Contact Anne if you think you may use this service thanks.

## Volunteering as we get older! Our community needs your skills and time!

Volunteering in your community can fill a gap created as we age and let go of activities that have been a big part of our lives. All that accumulated knowledge that you have, can be put to great use in a variety of ways allowing the community to benefit from your wisdom and time.

In Fairlie, numerous groups are always on the lookout for members – sport and social groups and they all need help in one way or another. It might be at the sport being played or on the admin for such an organisation.

The Fairlie Lions is one such group where members not only come together for meetings but extend themselves into fundraising and supporting events.

The Fairlie Heritage Museum needs volunteers to survive. In winter, the thought of guiding people through the museum and Motor Heritage building may not appeal to many but you can always go on the list and stress when you want to do it. Contact Paul Gallagher for more info.

The Mackenzie District Archive at the Fairlie Heritage Museum is run by an enthusiastic group of older people, ensuring our past is recorded for the future. Contact Maria Evans for more info.

The Fairlie Community Gardens on Kirke Street are just the ticket for those interested in gardening. All facets of the garden's operation are reliant on volunteers enabling the community to benefit from the veges grown there. Out of this project, a group for gardeners has grown into a little social gathering as well. Contact Lisa North for more info.

The Fairlie Vehicle Trust is on the lookout for more drivers. This job involves taking people to Timaru and elsewhere for appointments. You always have the option to say 'no'. It is a very social time driving someone and friendships have been made on such trips. You might prefer to take your partner with you, that too can be accommodated. Contact Heartlands for more info.

## Fairlie Heritage Museum

On Saturday 11th June the Clydesdale horses will be at the Fairlie museum from 9am until 11am pulling the stage coach around on display. The museum will be open to the public. It would be nice to see the Fairlie community there supporting us.

It's that time again to catch up on what's been happening around the district.

There have been several vehicle crashes reported over the last few weeks.

An Ashburton man came to grief on the highway near Tekapo when the driving conditions changed dramatically with snow covering the road. He left the road and rolled over but walked away without injury thanks to seat belts.

A Fairlie woman also rolled her vehicle over the same night but for different reasons. It appears a wallaby has decided to cross the road and she has swerved to avoid it which has made the situation worse. There was no injury to both parties.

Winter driving conditions are upon us, so take extra care out there on the roads. Make sure you clear all that frost off all your windows before driving, as you need to see where you are pointing that very large projectile travelling down the road.

The Albury cemetery has been the target of vandals recently with mindless damage caused to an old marble head stone. If you see anyone loitering around the area that don't belong, give us a call.

I just want to remind people to be on the look out for scammers on the computer or telephone. The fraudsters are always coming up with new ways to relieve you of your hard-earned money. Never give out your personal details or passwords to anyone or click on unknown e mail links.

Safer communities together.

Length of Service: 17 years in Fairlie

Why did you want to join? Barry recruited me, as he heard I had a medical background. At the time it was the last thing I thought I wanted to do, but it is very rewarding.

Hobbies: Classical music, gardening.

Other: A huge thank you to our local Fire Brigade, who so very often are helping and supporting our ambulance crew.

"Only One Earth" was the slogan for the 1972 Stockholm Conference, which put sustainable development on the global agenda and led to the establishment of the UN Environment Programme and World Environment Day. Continuing the "Think Globally, Act Locally" theme and to celebrate World Environment Day on 5 June 2022 we have a great initiative from Lake Tekapo to recycle unwanted or outgrown winter clothing and ski gear.

**Mackenzie Ski Buy Swap and Sell**

Bring your pre-loved, outgrown, ready to hand to the next ski/snow bunny gear to the Tekapo Hall, just in time for winter. Cash only event. Sellers - to secure a table please email [mackenzieskiale@gmail.com](mailto:mackenzieskiale@gmail.com). Registration is FREE. Please take any items that you have left over, home with you.

A very big thank you to the 11 people who showed up on Sunday to plant 300 natives along the Opihi River. It was a glorious morning and we hope to repeat this on Sunday 26 June upstream from Kerrs Road.

More information in the next issue.

## Lake Tekapo

**Julie McDonald**  
[mackenziecommunitytekapo@gmail.com](mailto:mackenziecommunitytekapo@gmail.com)

WOW! - Caravans 2 was superb!  
 What a fantastic night out for our community, being entertained by the talented cast members with excellent support crew, all from our district.

It can't have been an easy decision for the organisers to bravely say 'Let's do this', amidst uncertainty with the Covid-19 pandemic. Hats off to everyone who made this show possible.

For this issue's 'Meeting People in our Community' feature, I have chosen to celebrate the Lake Tekapo STARS of the show Caravans 2, performed in Fairlie last week. Callum and Andrea calculated that they have made the trip from Lake Tekapo to Fairlie 43 times in the last 4 months for rehearsals and shows. That shows true dedication!

## Meeting People in Our Community ...

Meet the Lake Tekapo people entertaining us on stage and working 'behind the scenes' on Caravans 2; Maria, George and Archie Waymouth, Eshee and Eshaa Pasaol, Callum McDonald, Andrea and Gavin Cox (watch this space for more on - Gav! and make sure you read the next issue's story on Burkes Pass Star, Isaac Ryall.)

### *Is this your first live show?*

George. I'm in Year 12 at Mackenzie College and have been in many shows since Year 7. I was Charlie in Charlie and The Chocolate Factory and The Lion in The Wizard of Oz. Andrea. I was in the chorus in Caravans 1 but this is my first speaking role ever! Maria. I love being behind the scenes and admire those brave enough to go on stage. Callum. Aside from a school play when I was 8, I've never acted or sung on stage until now. Without the encouragement from Andrea, this would not have been something I thought I could do.

### *What have you enjoyed most about being part of the Caravans 2 team?*

Eshaa. Seeing it all come together, making new friends and helping with other things like serving the food. Eshee. Seeing teachers from school and people I know enjoying the show. George. I like the people involved. It's cool to see all ages working together to make people happy. Callum. Meeting a whole bunch of strangers to me and really looking forward to their company each rehearsal and show. Andrea. Everything! I love the song 'Fat Bottomed Girls' and my favourite line is when Laurie says (mocking his wife) "Don't forget to clean the BBQ", under his breath in a sarcastic tone. Archie. Learning to roller skate was fun and I like seeing everyone happy in the audience. Maria. Meeting more people from the Mackenzie/Te Manahuna District. So many parts of the show made me laugh - Great characters, naturally delivered. Well done! It was a pleasure to be part of the Caravans 2 team.

### *What do you love about live theatre?*

Eshee. Having fun and free food, like donuts. Maria. The comradery, challenge, fun, inside jokes, teamwork and friends. Callum. Apart from the joy of watching a live show myself, it's seeing how it all comes together via the dedication of a group of "everyday folk", for the community and entertainment.

### *What's next for you?*

George. I'm excited about our School Ball next weekend, using the Caravans 2 set and props. Andrea. Rest, Sleep, No travel and let's see what Chris comes up with for next year's show.

### *What do you love about living in Lake Tekapo?*

Eshaa. We were born in the Philippines and have lived here for 5 years. Lake Tekapo is a small town but I never get bored here, there is always something fun to do. Andrea. The People, The Space and The Lake. Archie. Great school and great school teachers.

## Multicultural Aoraki meets Mackenzie

What a wonderful 2 days we had up in the Mackenzie, visiting local schools, employers and our wonderful Heartlands Centres across Fairlie, Tekapo and Twizel. It was great to strengthen our connections up in the Mackenzie as it is through these relationships that we can work together to better support newcomers to our areas.

Fairlie was our first stop where we visited the local schools and employers. It was great to see the work they were doing to support our multicultural students and employees. There is strength in diversity and it was great to see them embracing this.

Next stop was Tekapo where we had a wonderful Pot Luck dinner at the Community Centre catered for by the lovely Lilly and Rosie. It was great to meet so many different people and discuss what we could do in the future to help support newcomers to Tekapo.

Our final stop was Twizel where we attended the Good Yarn "getting people talking about mental health" workshop. We found this brilliant, learnt a lot and would thoroughly recommend attending this if you get the chance. We then visited some local employers where we were lucky enough to get a tour around High Country Salmon and finally Twizel Area School. This perhaps was our highlight of the trip with some of their amazing year 2 and 3 students welcoming us into their school with a stunning Maori welcome.

We all loved our visit and will continue to visit every month with our next visit planned for the 7<sup>th</sup> June.

In the meantime, if you or someone you know is new to the area and needs some support please don't hesitate to contact us on 03 687 7332 or email [admin@multiculturalaoraki.org.nz](mailto:admin@multiculturalaoraki.org.nz).

## TEKAPO SPORTS TRUST

### Lake Tekapo Community Sports and Recreation Trust

There are times when we should sit back and celebrate the achievements and success we see happening around us.

It is easy to overlook the hard work and progress that has been made by different groups in what is a relatively short space in time here in Lake Tekapo and surrounding areas. One of the conversations that has been on repeat, has been the concept of pulling together resources and spaces into a Community Hub - Sport and Recreation Hub, with the feedback for this concept being overwhelmingly positive. With background work undertaken through the Lake Tekapo Community Board, The Community Development Project, along with the Mackenzie District Council, a small group of local stakeholders have established a Sports Trust for Lake Tekapo and surrounding area. With proposed changes to Simpson Lane and the movement of the Squash courts, we see this as a brilliant opportunity to better align the many facilities located around and with the Lake Tekapo Community Hall.

This is an exciting prospect with a real opportunity to consider and develop a space in Tekapo with a real focus on community sport and recreation. If you would like further info, please email [tekaposportstrust@gmail.com](mailto:tekaposportstrust@gmail.com)

0800 MP WAITAKI

Authorised by Jacqui Dean, Parliament Buildings, Wgtn.

Hon. Jacqui Dean, MP for Waitaki, has today officially announced that she will not be putting her name forward at the 2023 election.

"I have advised the President and Leader of the National Party that I have decided not to put my name forward at the 2023 election, giving the party ample time to select an excellent candidate to stand in the Waitaki electorate," Ms Dean says.

"Waitaki is one of the largest electorates in New Zealand covering Central Otago, the Mackenzie District, Waitaki and parts of South Canterbury. It's a vast electorate and I have loved representing every inch of it.

"The reality is that I've spent the past 25 years in public service – first in local government and then as a member of parliament. It's a long time by anyone's standards so now feels like the right time to signal my intention to move on.

"I feel proud of the contribution I've been able to make over my 17 years as an MP in the Government of the Rt Hon Sir John Key, as Commerce and Consumer Affairs Minister under Hon Sir Bill English, and more latterly in opposition as National's Spokesperson for Conservation, alongside my role as Assistant Speaker.

"National is in a fantastic position and I will do everything I can in the next 18 months to support Christopher Luxon, Nicola Willis and my caucus colleagues to ensure National wins the 2023 election.

"New Zealand needs National to win the next election and I firmly believe that Christopher Luxon will make an excellent Prime Minister

## Well Owners Take Advantage of Free Testing

A well water testing day in Temuka and Fairlie showed that many South Cantabrians are making an effort to check their private water supply is safe to drink.

On Monday 16 May more than 86 private well water samples were analysed for nitrate concentrations at the two Well Water Checks, organised by the Orari Temuka Opihi Pareora (OTOP) Water Zone Committee.

The testing, which was carried out on the spot, only took about 15 minutes per sample which gave participants time to talk to zone committee members about water quality issues and also how to undertake tests for bacteria like E.coli.

Zone Committee Chair, Lucy Millar, was pleased with the event and had received positive feedback from attendees. "I think the day was really successful, especially given the number of samples that were processed. We're grateful to everyone that helped at both events to make this happen.

**Foodbank Items of the Month**

The Fairlie Foodbank could really use some lunchbox items this month for the school kids we help. Peanut Butter, Jam, Granola Bars and Jelly Cups all keep well in our storage cabinets.

If you find a good deal, consider grabbing a few extras for our foodbank families with school-aged children. Thank you!

## Fairlie/Mackenzie Retirement Living

The meetings held around the closure of Moreh Home last year created a lot of interest, and so on the back of this a group was formed to look at the needs and solutions for the ageing population of our area. Specifically, they are considering how these folk can remain a vital part of our vibrant community to which they have become very attached.

After a number of meetings and viewing different types of retirement living and care facilities including, Observatory Village in Oamaru, Mountainview Village in Timaru and Ribbonwood Home in Tapanui, it was decided to form a Charitable Trust which is named the Mackenzie District Community Care Charitable Trust. Trust members are Murray Cox, Ian McDonald, Owen Hunter, Jackie Donald, Evan Williams, and Murray Bell.

The Trust applied to Mid and South Canterbury Community Trust for funding for a feasibility study to look at establishing a retirement living space with some wrap-around services. We were successful in obtaining funding and have engaged Rationale Consulting who are also working alongside the Mackenzie District Council on their aged friendly strategy. There will be more information available soon.

It is our view that a retirement living space would be Stage 1, Stage 2 would be a communal space with facilities as a common shared area for residents and Stage 3 would provide wrap around services and care. All of this would depend on demand, need and being financially viable, as this would have to be a self-supporting service.

The Trust has recently acquired the option of some land in the west side of the Fairlie township to situate such a facility and housing, and are carrying out due diligence.

This is a major project that will have many benefits to our community valuing and retaining our ageing residents in their retirement, within our community, in modern, warm, healthy homes.

*It is essential we have community feedback, ideas and support and we intend having a community meeting in the next few weeks so keep an eye out for the date, come along and hear more and provide your view.*

## Irishman Creek Rally 4-6 June 2022

The Irishman Rally is an annual event organised by the Vintage Car Club of NZ for cars older than 1931. Cars that age are valuable and you might expect owners to keep them in heated garages and only take them out on sealed roads when there is no chance of rain. Not so in this case!

"The Irishman" is named after Irish Creek, the station near Tekapo owned by the legendary Bill Hamilton, inventor of the jet boat among other things. Bill was also a true blue "car guy" and raced Bentleys at Brooklands in the UK, so this rally is a bit different to the ordinary. It is a test of man and machine.

This year the 68<sup>th</sup> Annual Rally starts from the Canterbury Branch clubrooms, McLeans Island Road in Christchurch heading for Fairlie. They have a long day ahead and we wish them a warm welcome into Fairlie.
