14 JUNE 2023

From Our Mayor's Desk ...

What a thrill it was for me to present the Masters Athlete of the Year Award at the recent Trust Aoraki South Canterbury Sports Awards to one of our own, Mackenzie's Kim Jordan.

Kim Jordan is the Coast to Coast Multisport Veteran Women's winner who has conquered one of the toughest adventure races in the country. Two full days of competing with the last 70km bike ride into Christchurch left to complete, and where she was able to pull away to take the category lead.

Also a finalist at the Trust Aoraki South Canterbury Sports Awards was the Coast to Coast team of Jack Cassie, Luke Jordan and Hamish Ryall from Mackenzie College. Kim is Mackenzie College's Sports Co-ordinator and inspires pupils to push themselves to their limits. She was a driving force behind the College team's success in the Coast to Coast, when they too won their category.

An equally thrilling story comes from the Twizel Area School. A group of talented young first year rowers, under the tutelage of Sarah Henderson and Kelvin Maker, excelled themselves. Apparently, these students were told that if they managed to medal at the South Island Secondary School Rowing Championships being held on Lake Ruataniwha, consideration would be given to taking them to the Maadi Cup at Lake Karapiro in March of this year. The Maadi Cup is held at the NZ Secondary Schools Rowing Regatta which is the largest school sports event in the Southern Hemisphere.

The team surpassed all expectations and brought home gold from the South Island Championships. Then, with the generous help from a 'whip round' from the Twizel community, the young people were able to head to the prestigious Maadi Cup.

These wonderful uplifting stories show what our young people can achieve with encouragement, enthusiasm and support. A love of sport runs through our Mackenzie community and it's not hard to see why. It is a sport and activity wonderland and, with snow on the mountains and the drop in temperature, the fun of our winter wonderland is about to start. Within a couple of weeks the ski fields in the Mackenzie will be opening and we will see skiers and snow-boarders taking to the mountains in pursuit of their winter hobbies.

Pictured above right is Kim Jordan (SC Master Athlete of the Year) with Anne Munro (Mackenzie District Mayor).

Of course, with all the wonderful winter weather, we also get the road problems which the weather creates.

It's really important that we all make it home to our loved ones, so please, remember to drive to the conditions, slow down, and look out for ice.

Keep warm, stay safe, and enjoy the winter.

Anne Munro

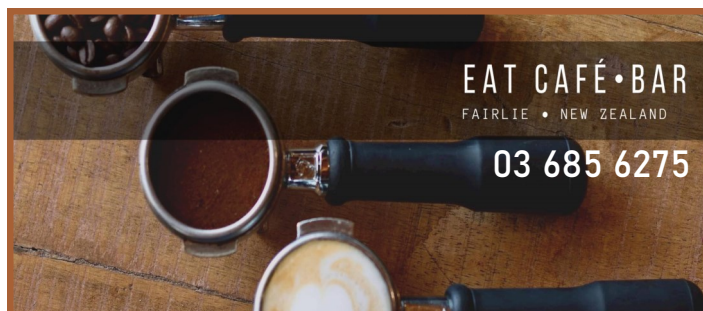

Black ice can form if moisture in the air condenses and forms dew or fog, and then the temperature drops below freezing. Common Locations - bridges and overpasses, shaded spots on roads from trees.

Driving Tips:

- * Keep your steering wheel straight. If you turn the wheel, you have a better chance of sliding and losing control of your vehicle.
- * Do not brake. Braking causes the vehicle to slide, especially if you brake too hard.
- * Take your foot off the accelerator to reduce speed. It is best to let the car stop on its own if you have enough room in front of you.

Fairlie Golf Club

Aorangi Open Pennant Winner - Fairlie/Maungati

Congratulations to the women's team who played Tinwald at Timaru Golf Club on Monday 12th June winning 7-3. Pictured is Glennys Bradley (Maungati), Marie Anderson, Jo Lane and Averil Keys (Fairlie). Others to have played the way to the Final were Georgie Wright, Denise Biggs, Fiona Anderson and Anne Anderson.

Clubhouse Renovation

Full steam ahead! Building Consent has been granted for our \$260,000 reno project. After a few very well-supported working bees, the main function area and office of the clubhouse is gutted, and the site fencing and scaffolding have been erected.

Mackenzie College Art Auction

The PTA and Art Captains at Mackenzie College are once again in planning mode for the upcoming Art Auction. This is set to take place Thursday 17th August, on-site in the school hall.

There will be a mix of artwork available by students, ex-students, local artists and some celebrity works also! Get set for a great social night out, with the added opportunity of picking up some amazing art - there really is something available for all budgets - art for everyone!

Keep an eye out in the Fairlie Accessible and on the College Facebook for some sneak peeks on what will be on offer. If you have a child, grandchild or neighbour at the College, ask them if they have a piece in the Auction.

We are still looking for additional Auction items, so if you would like to support Mackenzie College and donate a piece, please get in touch with Meg Wood mmlittlewood@extra.co.nz or Kaz Lanchester kazlanchester1@gmail.com

Last year I was luckily enough to purchase this amazing painting, pictured here in its new spot, by local artist Pat White (*Ducks Flying Home to Lake Opuha*).

Cooking with Caro

At school we made spaghetti bolognese with Caro. It took about 1 hour. It was so fun! We had to count how much spaghetti, tomato paste, salt and water we needed. Angus, Jed, Max, Will and I made it. It was super yummy!

By Harry

National Young Leaders Day

Our Year 6 students recently attended National Young Leaders Day in Christchurch. This was a wonderful opportunity to listen to inspirational speakers, including: Brad Smeele - Former Pro Wakeboarder/Quadriplegic/ Communicator, Julia Grace - Mental Wellness Communicator, Georgia Lines - Musician and Graci Kim - Diplomat Turned Bestselling Author.

Some of the messages the students learnt from Graci Kim were - If you fail, get back up and try again, Be curious, Turn impossible into I'm possible, Try new things and if you're failing you're doing it right. Georgia gave them the following advice - Focus on what you can control, Don't give up, Success takes time and There is no such thing as overnight success.

Fairlie Area Kindergarten

Enjoying new Tasty Treats

Recently the tamariki at kindergarten got to sample **gulab jamun**, a delicious Indian treat. Surita came along to make these with the children and then Myra and Veer enjoyed sharing the finished product with everyone. These were something new to try and very well received. The world expands and enriches as we share in different cultures and it is empowering for the children to have their own culture affirmed.

Fairlie Primary School

Choir

The Fairlie Primary School Choir attended the South Canterbury Song Festival - Hui Waiata held in Pleasant Point on Wednesday 31st May. The festival celebrated New Zealand Music Month with 7 individual school performances and mass items, performed in a daytime rehearsal and an evening concert. The event was supported by Release the Music Charitable Trust and organised by Jannette Aldrige of Mrs A's Music School. It was a great experience for many first time choir participants and the students enjoyed performing to a large audience as well singing en masse with other schools. Thanks to Miss Bethany Marett for preparing the choir to sing their two items - Fish N Chips and Aotearoa Yesterday Tomorrow.

Cross Country

Fairlie Primary School students took part in the Mackenzie Schools Cross Country at Cannington School on Tuesday 30th May. It was great to reconnect with the other schools in the Te Manahuna Kahui Ako (Community of Learners) in a great day of running, resilience, fun, games and sportsmanship. Thanks to all the supporters, helpers and hosts on the day. And to Alex Ageev for the awesome action photos!

Albury School

Cross Country Albury School recently attended this year's Mackenzie Schools Cross Country Competition at Cannington School.

The weather conditions were perfect, the air was crisp and fresh but the autumn sun put a smile on the kids faces and warmed up the numerous spectators who had come to support the children. The course led through some neighbouring paddocks - for the older children there was a hill climb added to make the run more competitive. An obstacle course over a hay bale mountain, some tyres to step through and hurdles to jump over had to be completed before reaching the finish line. We are so proud of our Albury Kids for showing great resilience and sportsmanship. They all gave their best and most importantly had a fantastic time!

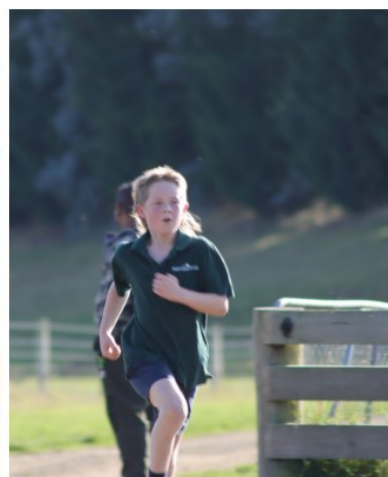

Thank you to Cannington School for organising and hosting the Cross Country Day and to our Albury School Whanau for helping with transport and supporting the children on the day!

Cannington School

On Tuesday, Danielle, the master rugby coach, from SCRFU (South Canterbury Rugby) came to our school to teach us ripper rugby. She taught us lots of skills. What she didn't teach us, was how to cope when a five year old outplays a 13 year old. We now have a fact about 13 year olds - they can actually cry. Even his most excellent mullet couldn't help him.

Planting

Recently a group of our older students did some more planting. We went to Cliffs Road and planted about 60 plants. The ground was hard, and we had to use our new invention - rock hammers, literally rocks as hammers to hit the bamboo stakes into the ground. Thanks Mr P, most teachers actually trust their students with hammers. He told us it would only take 30 minutes, little did we know that this is teacher talk for 90 minutes. Fortunately, the bus drove past us and picked us up. We left Jimmy Mee and Mr P to tidy up, FOR ONCE.

Cross Country

The annual cross-country event for St Jo's, Lake Tekapo, Fairlie Primary, Albury and Cannington was once again held at Cannington School. It was really tiring but we had so much fun running up the muddy hill and climbing up the hay bales. Heidi secured 3rd place after all her hard runs up to the water trough. It was an absolute pleasure to cover all the other students in Cannington mud.

Hector

Hector is our awesome school cat! He loves to sleep in the sunshine, eat throughout the day, and loves gentle pats. He is very talented and can play the piano by himself. He is also very helpful at catching mice. Thank you Jack, for throwing the mouse for Hector when Asher was too scared to touch it!

Puzzles

We tried puzzles for the first time and learned to persevere with the challenges. We were entertained/frightened when Heidi and Angus picked up their completed puzzles to show us, and they didn't break apart! We aren't sure who enjoyed them more - the kids or the teachers. We kept catching Asher working on everyone else's puzzles. The older students did their puzzles in groups. We had up to 500 pieces in the box of puzzles.

School Nursery

Our nursery is not for children but for plants. Jack's Grandad Paul knows a lot about plants,

Fairlie Kids Club

The Fairlie Kids Club enjoys "Foodie Fun Wednesdays" every week as a part of our enriching, educating, and entertaining weekly lineup. Our most popular Foodie Fun activity to date is "Painted Bread". Simply pour sweetened condensed milk into small bowls or a muffin tray and add a few drops of food coloring - there's your "paint". Use clean paint brushes and white bread as your canvas. The design options are unlimited! For the tastiest results, cover the entire piece of bread and toast in the oven until the sweet paint caramelizes into a crunchy topping and enjoy!

If you would like to enrol your child into Foodie Fun Wednesdays after school for Term 3, text your interest to Erin at 0210 847 8373. Each session runs from 3-5 pm at St Columba Hall for \$7.50.

We are a purpose built preschool offering the highest standard of early childhood education for children aged 0-6 years. Open 8 am—5 pm Monday—Friday (including school holidays)
We offer 20 hours ECE and WINZ subsidies are available.

19 Hamilton Street, Fairlie
Phone: 03 685 6263
Email: admin@fairlieearlylearners.co.nz

and he grew up planting! He has built planter boxes to split up and grow new native plants. He will be helping to also grow native plants from seeds.

Bubbles

We work hard at school to concentrate on our work and not get distracted; however, when Asher decided to make Bouncing Bubble Mix, we all got distracted. Especially Ms H who called out "WOW! look at the bubbles". I thought teachers were supposed to stop people from calling out, looks like they are as bad as we are. Her calling out distracted the whole class. We all got distracted and joined in the bubble fun. Jack was able to blow two bubbles at once from a single bubble maker!

Education

Lake Tekapo Kindergarten

When Lake Tekapo Community Development worker, Julie McDonald saw a post on the Community Facebook page, that Jasmine (Head Teacher) at the Kindergarten was looking for donations of gloves and mittens to keep the children attending the Playgroup and Kindergarten warm while playing outside, she had an idea. The Lake Tekapo Lions Club collects donations from the Wishing Well by the MacLaren Footbridge, so Julie approached the Lions to see if they could 'grant Jasmine's wish', with funds from the wishing well. The Lions members loved this idea and donated 30 new pairs of small mittens and gloves for the tamariki. In the photo by the Wishing Well, the children are showing off their new gloves and mittens with Jasmine and Emma from Lake Tekapo Kindergarten, Stewie and Steve from Tekapo Lions and Julie.

Upcoming Library Survey

We are currently developing a survey for the community, and other library stakeholders, to learn more about what you want from your library service, what we're doing well, and what improvements could be made. We will have online and paper copies available, as we want to make it easy for everyone to have their say. We hope to get it finalised within the next few weeks, so watch this space for more information.

Online Genealogy Sessions

These sessions are being offered by the New Zealand Society of Genealogists, and they are free. If you would be interested in registering for a session but are not sure how to go about it, come into the library and we can help. If there is

enough interest, we could open the library earlier on the Tuesday morning and set up our computers for people to sign into and use. We would also be available to help with any technical difficulties. The next scheduled sessions are -

Tuesday 4th July at 10.00 am

Friday 7th July at 7.30 pm

Come in and speak to the library staff if you want to know more or need help getting signed up.

Family History - Preserving our past for the future

It's definitely reading weather, so pop into the library to get your fix of real or virtual books (ebooks or e-audio books) for these chilly days and even chillier evenings. Remember - it's always warm and toastie in the library!!

Our Community

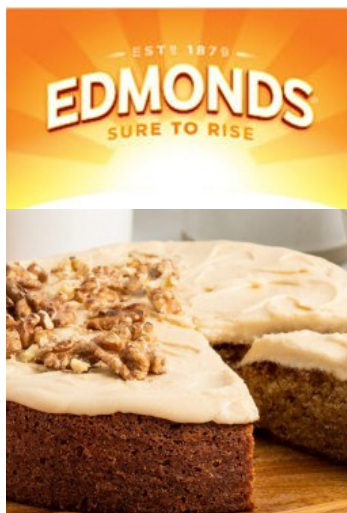

Pat Jacque's Coffee Cake

1 ½ c sugar
2 large eggs
¾ c plain unsweetened
yoghurt
1 c vegetable oil
½ t vanilla essence
1-2 shot espresso coffee,
to taste (or 4 T hot water
with 2 T instant coffee
dissolved in hot water)
2 c Edmonds Flour
2 t Edmonds Baking
Powder
½ t Edmonds Baking Soda
Pinch salt
Icing sugar

Icing Ingredients

1 c icing sugar
25g soft butter
1 shot espresso coffee, or 2 T hot water and 1 T instant
coffee
A little hot water to mix
Walnuts for garnish

1. Beat the sugar and eggs well.
2. Add the yoghurt, oil, vanilla and coffee gradually
3. Fold in the sifted dry ingredients gently
4. Bake in a greased 21cm tin (175°C in a classic bake
oven for 50 mins, or 155°C for 60-70 min 155°C on
fan bake). Remove as soon as a skewer comes clean
and the cake springs back in the centre.
5. Prepare the icing by combining all ingredients
Spread the icing on top of the cake, and sprinkle
fresh walnuts around the edge.

Fairlie Good Store & Coffee Co

- The New Folk in Town!

Sam and Zo moved to Fairlie about 6 months ago from Christchurch for what was supposed to be a short term stay, however they ended up falling in love with the close knit community spirit and decided this was the spot for them. The Fairlie Good Store & Coffee Co. are their first steps towards laying down some roots here.

Sam and Zo both have extensive experience within hospitality so starting a business within that area of expertise just made sense to them. Sam's experience really lends itself towards this pursuit as he has mostly worked in and around coffee roasteries. Zo has spent her time managing and running front of house operations.

Currently they are operating mostly online but are working towards some retail spaces at local retailers. Currently they offer two different caffeinated options and one decaf option, these offerings have travelled all the way from Colombia and Brazil and now want to call your pantry home. In the spirit of community, Sam and Zo offer free delivery within the Fairlie area on Tuesdays and are working on setting up a collection location with a local retailer.

You can learn more about them and their products at www.fairliegood.store, alternatively you call Zo on Mondays/Tuesdays between 9 am and 5 pm to make a coffee order. Her work number is 027 437 9991.

Pictured below is

- 1** Select your garden, park, school or marae.
- 2** Choose ONE day during the nine day survey period.
The dates for the next three years are:
Saturday 24 June – Sunday 2 July 2023
Saturday 29 June – Sunday 7 July 2024
Saturday 28 June – Sunday 6 July 2025
- 3** Look for birds for ONE hour in your survey area.

Make our birds count -

We need you to help make a difference!

Strong bird populations can indicate the environment is healthy. We know a lot about endangered native birds in the bush, but we don't always know what's happening in the populations of all the birds around us, particularly in urban and garden environments.

That's why we need you to help us count them.

What we learn from information about the birds in your garden collected by you and your fellow citizen scientists helps our researchers understand how birds are coping with environmental challenges. It also helps us build a long-term dataset to understand the impact of climate change on ecosystems and biodiversity.

Bird ID and Tally Sheets are available at Heartlands Fairlie Resource & Info Centre or check out further information on gardenbirds survey.nz.

**2023 Competitions include
Photography and Children's Colouring**

Creating safe, resilient and connected communities
During June we're thinking about Getting Involved.
We're encouraging and celebrating volunteerism in our communities.

This month we're rolling up our sleeves, putting up our hands, and giving our time and skills to projects that make our neighbourhoods better places to live. As a mostly volunteer-led organisation, our members know first hand the value and impact that a single volunteer can make in our communities. Imagine then how much can be achieved when several volunteers, or even an entire street or neighbourhood, decide to work together to achieve the same outcome.

BEWARE SCAMS & FRAUD - A warning from our Police partners

The Police Community team has been looking at ways to beat the scammers as it is a big problem locally at the moment. At the present time scams are a major concern in our community. There are many email and text scams circulating. Please be aware and careful. Below are some tips to keep you safe. As our world becomes increasingly connected digitally, it's more important than ever that we stay aware of potential threats to our safety in the technology space.

Staying Safe Online TIPS -

- Never give out your passwords, log in details, or account info.
- Don't respond or click on any links to verify your account information, even if it looks like it's from a real organisation.
- Never share personal or financial information by text or email.
- Do not respond to texts from unknown numbers, or any that appear suspicious.
- If a 'friend' sends you a text with a suspicious link, call them to make sure they weren't hacked.
- If a business or organisation sends you a text that you weren't expecting, call them to verify its authenticity using the phone number on your bill or statement (or their official website).
- If you receive an email from a business or organisation and suspect it might not be from who it claims, look carefully at the email address and firstly cross reference it to those provided on the official website. If still not sure, call the phone number listed on the official website and clarify that the email was sent from someone within the organisation.

- Only shop on trusted and verified websites. Look for the padlock icon by the website address.
- Be wary of unexpected deals, contests, or log in requests.
- Check and adjust your privacy settings.
- Log out after using a shared computer.
- Report suspected scams.

Report to Police on 105

If you receive suspected spam content you can report it to the Department of Internal Affairs:

- Report email spam by forwarding to reportspam.co.nz.
- Report text spam for free on your phone by forwarding the spam text message to 7726.

You can also contact Netsafe for help with the steps to take should you fall victim to a scam or cyber bullying by submitting a report on netsafe.org.nz/report or by calling 0508 NETSAFE or emailing help@netsafe.org.nz.

COMMUNITY LAW CANTERBURY – FREE Legal Advice Clinic

Need some legal advice? You can access a free legal advice clinic. The Timaru Clinic runs fortnightly on Thursdays at Community House, 27 Strathallan Street, Timaru. The clinics operate via Zoom meeting with a lawyer from Community Law Canterbury (the Zoom meeting room and facilities are set up for the client by Anglican Care at Timaru Community House).

SNAP SEND SOLVE and Reporting issues to Councils

We are often asked by neighbours how to report issues relating to Councils rather than Police like a pothole, a water leak, a stray dog, abandoned vehicles, litter or loud noise or some broken playground equipment that needs fixing.

For any issues you can now grab your Smartphone, snap a photo and send it to your Council. Your photo arrives at the Council with all the details including the exact address of the problem with any notes you may have added all via the GPS on your phone.

This way of letting the Council know of problems is being used across Canterbury, and will work in whatever District you are in – see a problem in Timaru or Christchurch and Snap it, Send it and it automatically goes to the Timaru or Christchurch Council.

The app is free and can be downloaded from the Apple app store, or Android's Google Play. Of course local requests and issues can still be reported by phoning the Mackenzie District Council on at 0800 685 8514 or email at info@mackenzie.govt.nz.

Neighbourhood Support is a nationwide community-led movement that brings people and neighbourhoods together to create safe, resilient, and connected communities. We believe that a well-connected community helps to improve safety, resilience, and wellbeing for all.

Fairlie

Lisa North - 685 8496
community.development@fairlienz.org

The Fairlie community will be selling a selection of used (but not abused!) items ranging from toys, books, clothing, gorgeous old stuff that you just can't pass up! All for very cheap prices ... we hope! There will be new things as well, arts & crafts, a bite to eat and some cool music to listen to. Enjoy a relaxing day at the Matariki Market after you've competed in the Mackenzie Half Marathon on Saturday ...

Craft Sessions starting 22nd July

We aim to provide a friendly atmosphere for those who are interested, to come and relax, meet new people, share ideas and create handmade crafts. You can learn a new craft by participating in one of the many organised activities that run throughout the year, or you can bring your own craft project, have a cuppa and a chat. We have sewing machines, some work, some don't but we're working on that!

the Garden Buzz

It's bare root season! It's best to plant bare-rooted trees while they are dormant. Start thinking about preparing the ground and choosing the best fruit trees for your garden. Deciduous exotic trees can also be planted now.

Pick a plant that looks vigorous, has a nice shape, no visible damage to branches and trunk, and appears free of blemishes. Remember that many fruit trees need pollinators (friends that help them fruit) so ask your nursery for suitable varieties for the trees you have chosen. Choose the correct root stock for your soil type and the space where it will grow as the root stock also determines the height of the tree.

Fruit trees don't like poorly drained soils so if you dig a 30cm deep hole and fill it with water and it doesn't drain away in three hours then you may have to find a different spot. If that isn't an option, then try to mound the soil at the planting spot.

Pre-dig the holes twice the depth and width of the pot or and add some well-rotted manure and/or mature compost.

As well as watering the planting site, the tree root ball should be thoroughly soaked prior to planting.

Gently loosen the roots down the sides of the root ball and loosen any matted roots. If there are any roots that are overly long then you can prune these back, which will ensure the tree grows evenly.

Create a mound for the roots and spread them over it, putting the strongest roots and/or the strongest branch to the prevailing wind.

As you fill in the soil around the roots, keep an eye on where the trunk flares to the roots, this should determine your planting depth. Try to keep it the same as the nursery, you will most likely see the line between the rougher trunk bark that has been exposed and the roots that have been covered. It's better to plant slightly too high as the soil may slump and you can mound it up anyway.

Gently firm around the tree, using hands only, to remove any air pockets and ensure root contact with the soil. Stake either side of the tree, at about half a metre away.

It is best to prune bare-rooted trees at the time of planting. Pruning will be covered in the next issue. Keep an eye out for a notice about a pruning course during the week leading up to Matariki.

Register your interest at Heartlands.

18-24 June 2023 | #NVW2023

Meeting people in our community ...

Meet Odette Tocker. Lake Tekapo has been Odette's home for 8 years. Odette is married to Simon, and they have 4 children Lincoln (10 Years) Colton (8 Years) Beauden (6 years) and Ellie-Mae (2 years).

Where were you born?

I was born in Zululand, Empangeni in South Africa. I moved to NZ when I finished school at the age of 18. I have lived in both the North and South Islands but there is something truly special about the South Island.

I hear that you have recently attended The Berwick Outdoor Experience. Please tell us all about it?

Firstly, I would like to thank the Tekapo Lions Club for sponsoring me and allowing me the privilege to attend the 9-day, 8-night life-changing experience in the Berwick Forest (around 50km west of Dunedin). I learnt so much about myself and others, exhausted myself mentally and physically but amazed myself by just what my mind and body can achieve!

This Berwick Outdoor Experience has been operating for over 30 years. It is a not-for-profit course, open to individuals 18 years and older. Their mission is to help people succeed in tasks which are set in a non-competitive, safe and supportive environment, using teamwork to improve individual confidence and self-esteem. The Berwick Outdoor Experience is run by hugely passionate volunteers, who have all at some stage during the 30 years that the course has been running, attended the experience as a participant. This meant that as well as providing us with the necessary skills to undertake the various tasks assigned to us, they were also able to provide us with just the right encouragement to complete the tasks.

My group (of over 30 participants) consisted of people from all around New Zealand from all different backgrounds. We quickly became a 'family' relying on each other for support, strength and encouragement.

With activities including kayaking, mountain biking skills, knot tying, first aid courses, and a wide variety of other adventurous group activities, there were challenges and learning opportunities aplenty. Breaking away into smaller groups, we completed a 3-day tramp, staying in a hut on the first night and in tents on the second night. With our group having torrential rain for the majority of our tramp - it was then that we truly understood the meaning of the saying 'If it is to be, it is up to me!'. As a group we did it! Through determination, grit and team spirit, we were able to drive ourselves to accomplish all of the tasks assigned to us, some much more challenging than others but all very rewarding!

Lake Tekapo

Julie McDonald

mackenziecommunitytekapo@gmail.com

Thanks to all the wonderful people who generously donated to the 'Keep Our Community Members Warm this Winter' project. So far, over 20 individuals have received gifts of warm jackets, jerseys, hats or bedding, and they are all very grateful.

I was completely out of my comfort zone, not knowing a single person. I participated in experiences that I never thought possible. I made new friends and learnt things about myself that I was totally unaware of. I was definitely challenged and proud to say that I accomplished beyond my own expectations!

If you are looking for personal development or just wanting to try a new experience that will leave you feeling a sense of complete accomplishment and pride, give the Berwick Outdoor Experience a go. It is hard ... but a 'good' hard!

What do you love about living in Lake Tekapo?

Everything!! I love the friendliness of the people, I love how happy my children and husband are here, I love how the community helps each other like one big family, I love my job, I love the scenery and the landscape, I love the different seasons, I love walking my dog Emi over Cowans hill and through the regional forest, I love how safe it is here and I love how I live in the same town as my very best friend!

The season that was ...

Monthly weather readings for the autumn of 2023 recorded in Kimbell (2022 in brackets)

March 2023

| | | |
|-----------------------|---------|----------|
| Highest Maximum Temp. | 31.5°C | (29.5°C) |
| Lowest Maximum Temp. | 9.8°C | (11.8°C) |
| Highest Minimum Temp. | 14.0°C | (13.5°C) |
| Lowest Minimum Temp. | -3.0°C | (4.5°C) |
| Total rainfall | 100.5mm | (38.0mm) |
| No. days with rain | 10 | (8) |
| No. days with snow | 1 | (0) |
| No. frosts | 6 | (0) |
| No. days above 30°C | 1 | (0) |

April 2023

| | | |
|-----------------------|--------|----------|
| Highest Maximum Temp. | 21.8°C | (25.5°C) |
| Lowest Maximum Temp. | 12.0°C | (11.2°C) |
| Highest Minimum Temp. | 11.2°C | (12.0°C) |
| Lowest Minimum Temp. | -1.0°C | (-1.5°C) |
| Total rainfall | 89.3mm | (41.3mm) |
| No. days with rain | 8 | (7) |
| No. frosts | 6 | (9) |

May 2023

| | | |
|-----------------------|--------|----------|
| Highest Maximum Temp. | 18.5°C | (22.8°C) |
| Lowest Maximum Temp. | 9.0°C | (6.0°C) |
| Highest Minimum Temp. | 10.8°C | (9.5°C) |
| Lowest Minimum Temp. | -3.0°C | (-2.0°C) |
| Total rainfall | 79.3mm | (43.0mm) |
| No. days with rain | 12 | (8) |
| No. frosts | 7 | (14) |

What an amazing season we just had! It had a bit of everything thrown in to keep weather enthusiasts interested. March was very impressive with temperatures ranging from 31.5°C down to -3°C. You could spend five years in Auckland and never experience either one of those temperatures but we managed to 'see' both of them within a month. To top things off on 29th March, only two days after temperatures had reached over 24°C, it snowed in Kimbell!

Overall, the Autumn of 2023 was on a par with how the season used to be in the good old days of the 20th Century. The La Nina Climate Event has eased but climatologists are now warning of a big El Nino which is expected to develop by August. As El Nino Events usually create an abundance of south westerly airstreams, this could mean a windy and dry latter part of 2023 for the Fairlie Basin.

Geoff Hooker
Mt Dobson Motel, Kimbell

Restoration project at Te Kopi-O-Te Ōpihi/Burkes Pass takes shape

The work, supported by the Ōrāri Temuka Ōpihi Pareora (OTOP) Water Zone Committee, will eventually transform a stretch of the upper Ōpihi River adjacent to the Burkes Pass township, restoring an ecosystem and enhancing the natural character of the area. A new public walking track along the banks of the main river is also planned and will extend the existing Burkes Pass Heritage Walk by an extra kilometre.

The site has significant cultural value for mana whenua as it was once used as a major travel route and was an important place for gathering kai and resources.

Last year, the OTOP Water Zone Committee supported the project with more than \$13,800 of its action plan budget, and now more funding is being considered.

Key work completed since spring 2022 includes clearing willows from about half the overall 3.4 hectare site and the planting of an additional 1,600 natives – equipped with protectors to keep the rabbits off. The plants are sourced through both the Arowhenua Native Nursery and the Burkes Pass Heritage Trust Nursery.

Founding member of the Trust and Headley Green Farm owner, Jane Batchelor, is particularly passionate about the restoration as it borders her land. Jane and her husband Graham have spent 35 years establishing native bush on their property and this new work will complement that mahi. "The established trees, shrubs, and grassland on my farm provide a vision of what other areas could look like in 35 years."

Jane said other planned work includes predator control, water quality monitoring, and fencing. "I'm thrilled to see this restoration work take a leap forward while learning so much about the area's history along the way. It's also a chance for our community to understand more about the site's precolonial era."

The three Johns - John Emery, John Cross and John Kelly - regular volunteers for the Burkes Pass Heritage Trust

Dog Registrations Due

It's dog registration time - Dog registrations are due by 31 July 2023.

Don't forget, you can pay any time by calling into the council offices at Fairlie and Twizel with your details, or by using the online dog registration form at [mackenzie.govt.nz > Services > Dogs](https://mackenzie.govt.nz/Services/Dogs)

MILITARY EXERCISE
Demolitions
27 – 29 June 2023

The general public is to be advised that a New Zealand Army Exercise will be conducted in the **Tekapo Military Training Area** over the period **27 – 29 June 2023**.

The exercise will involve up to **20** personnel of **Defence Munitions Management Group** from Burnham Military Camp.

The activity will involve soldiers conducting the disposal of ammunitions and explosives which have become unsafe, by detonation.

Very loud explosions are expected to be heard between the hours of 11:00am – 4:30pm daily.

The New Zealand Army takes fire risk seriously and will ensure fire mitigation is present.

MESSAGE OF HOPE

Everyone is welcome to come along and explore the message of Hope at one of the informal, mixed age discussion groups held at various homes in the area.

Tuesdays from 10:00ish am (Jodi Payne 027-220-2872)

Wednesdays at 7:30pm (Peter & Chrissie Bell 027-437-7358)

Sundays 5:00pm-7:00pm (Cameron & Lydia Garner 03-242-9020)

Occasionally, mainly due to travel or illness, the location changes so its always a good idea to phone first to confirm the address. We are living in interesting and often challenging times... if a group environment isn't your thing, but you would like to chat over a coffee/tea or over the phone, feel free to contact any of those listed above or Steve & Barb Adams (685-8056)

"God loves you. ... at every moment, you are infinitely loved" (John 3:16-18)

The Love of God, who is Trinitarian, is a central theme in Christianity. The Bible verse John 3:16-18 encapsulates this love, stating that God loved the world so much that He sent His only Son to offer eternal life to those who believe in Him. Pope Francis echoes this message in his letter to the youth, saying:

"The very first truth I would tell each of you is this: 'God loves you.' It makes no difference whether you have already heard it or not. I want to remind you of it. God loves you. Never doubt this, whatever may happen to you in life. At every moment, you are infinitely loved" (Christus Vivit - No. 112).

The love of God does not take away our own freedom, but his love completes and fulfills us in our longing for true happiness. *We love because God first loved us* (1 John 4:8 -19). St Paul also wrote, *"I am convinced that nothing can ever separate us from God's love in Jesus Christ"* (Romans 8:39).

When I was 11 years old, I fractured an arm while playing soccer with my friends in the village. Even though my mother was already busy with her work, she brought me on her bicycle to a local doctor. To be precise, he was a herbalist who used plants to heal wounds. Despite my fractured arm, he did not amputate it; instead, he applied medicinal treatments around it, and gradually it healed.

Our heavenly and loving Father is like that. Sometimes, due to our human weaknesses and frailties, we may break our relationship with him and with one another, but he does not cut us off. The Bible tells us that the chosen of God repeatedly broke their covenants with God, yet God did not abandon them because he is faithful to his love. St. John reminds us that God sent his Son into the world not to condemn the world, but to save it (3:16-18).

Finally, when we believe that we are unconditionally loved by the Creator of the universe, we are emboldened to step out in faith, knowing that we are supported by a love that is greater than any fear we may face. *"God loves you. ... Never doubt this, whatever may happen to you in life. At every moment, you are infinitely loved."* Fr. Tien Cao
